Push to Talk is only available within the National Enhanced Services rate and coverage area. There may be a delay from when initiating a Push to Talk call. Push to Talk calls end after 20 seconds of inactivity. Unanswered 'barge' calls to available individuals incur charges even if the individual does not respond. All calls to groups are 'barge' calls. While on a Push to Talk call, voice calls received will go directly to voicemail. While on a voice call Push to Talk calls cannot be received. Other Verizon Wireless Push to Talk Subscribers cannot be prevented from entering your MTN into their Push to Talk contact lists. Mobile Telephone Numbers (MTNs) can only be blocked from Caller ID through a global setting available through www.vzwpushtotalk.com.. Only one person can speak at a time during Push to Talk calls. Presence feature is not available on these calling plans. Please note: Push to Talk phones may not be used on non-Push to Talk Calling Plans. Subscriber use of group calling prior to commercial launch of new phone models is not available. Accordingly, if you switch to a non-Push to Talk Calling Plan, you will not be permitted to use you Push to Talk Phone. If you obtain a non-Push to Talk phone from Verizon Wireless at a discount when switching calling plans, you may be required to extend the term of your Customer Agreement.

(Additional Calling Plan and Feature Information)

Subscriber's first partial and full month's access charges and any service activation fees are payable in advance and will not be refunded after activation of the Wireless Service. Charges, for calls that connect, begin when the "SEND" or "CONNECT" button is pressed, or upon connection to the network. On incoming calls, charges may begin prior to the phone ringing or before "SEND" is pressed to receive the call. Charges end when a call or disconnects from the network, which may be a few seconds after "END" or "DISCONNECT" button is pressed. Calls to certain fax/data modems incur charges, though it may sound as if call was unanswered. Calls to "911" and certain other emergency services are toll and airtime free however, airtime may be charged when dialing toll-free numbers. All features may not be available in all Verizon Wireless markets.

Roaming in CDMA countries outside of the US: Roaming in these territories will only be available in "CDMA" mode where service is available. An update to the Global Phone software is required to roam in S. Korea.

Roaming in GSM countries: Rates, terms and conditions apply only when roaming on participating GSM networks in published Global Phone countries. Service may be available in additional countries, but airtime rates, availability of calling features, and ability to receive incoming calls (including return calls from emergency services personnel) may be restricted. See verizonwireless.com for Zone 1 and Zone 2 countries, coverage and airtime rates. Service in certain countries may be blocked without prior notice. Where text messaging is available, Customer will be charged $0.50 for each message sent and $0.05 for each message received. TXT messages cannot exceed 140 characters and may be sent only to MTNs of: (i) Verizon Wireless customers, and (ii) customers of foreign wireless carriers that participate in international text messaging. Check www.vtext.com for the most current list of participating foreign carriers. TXT messages cannot be sent to email addresses.

Home Airtime and Roaming: Airtime is rounded up to next full minute, allowance minutes are not transferable, and unused airtime minutes each month are lost. Automatic roaming may not be available in all areas and rates may vary. Roaming charges may be delayed to a later bill.

International Long Distance: International Long Distance is available but may be subject to a 90-day payment history with Verizon Wireless. International long distance rates will vary and do not apply for calls to Canada, Puerto Rico, the U.S. Virgin Islands and some U.S. Protectorates, or to credit card or operator assistance calls.

Important Information: You agree, represent and warrant that your use of VZ Navigator will be solely for your lawful use as necessary under the terms of your employment and for no other purpose, but in accordance with the rules, regulations and policies of the government agency that employs you. By subscribing to and/or using this application, you are consenting and permitting Verizon Wireless to gather, collect and use information regarding the location of this wireless device in order to deliver the location based services provided through the use of the application you have previously downloaded. Verizon Wireless does not guarantee the accuracy or completeness of any information, including location information displayed through this application. While you're in navigation mode, VZ Navigator will provide audible turn-by-turn directions. When you're in map mode or on a call you will not hear these directions. So be sure to get back to navigation mode on a regular basis so you don't miss a turn. Always use caution when displaying and disseminating personally identifiable information about yourself or your location to third parties. Do not attempt to enter or change information while driving. Please observe the Verizon Wireless "Drive Responsibly" policy, which can be found at ____. Update your privacy settings at _____ or through the Location Manager application. VZ Navigator is only available in the National Enhanced Coverage Area. User may be required to agree to additional terms and conditions online when downloading the application, updating privacy settings or using the Location Manager application.

Subscriber's first partial and full month's access charges for push to talk are payable in advance and will not be refunded after activation of the Wireless Service. Charges, for calls that connect, begin when the "SEND" or "CONNECT" button is pressed, or upon connection to the network. On incoming calls, charges may begin prior to the phone ringing or before "SEND" is pressed to receive the call. Charges end when a call disconnects from the network, which may be a few seconds after "END" or "DISCONNECT" button is pressed. Calls to certain fax/data modems incur charges, though it may sound as if call was unanswered. Calls to "911" and certain other emergency services are toll and airtime free however, airtime may be charged when dialing toll-free numbers. All features may not be available in all Verizon Wireless markets.

Roaming in CDMA countries outside of the US: Roaming in these territories will only be available in "CDMA" mode where service is available. An update to the Global Phone software is required to roam in S. Korea.

Roaming in GSM countries: Rates, terms and conditions apply only when roaming on participating GSM networks in published Global Phone countries. Service may be available in additional countries, but airtime rates, availability of calling features, and ability to receive incoming calls (including return calls from emergency services personnel) may be restricted. See verizonwireless.com for Zone 1 and Zone 2 countries, coverage and airtime rates. Service in certain countries may be blocked without prior notice. Where text messaging is available, Customer will be charged $0.50 for each message sent and $0.05 for each message received. TXT messages cannot exceed 140 characters and may be sent only to MTNs of: (i) Verizon Wireless customers, and (ii) customers of foreign wireless carriers that participate in

international text messaging. Check www.vtext.com for the most current list of participating foreign carriers. TXT messages cannot be sent to email addresses.

Optional Services
Additional fees may be required as shown

Push to Talk: Push to Talk capable Equipment required. Push to Talk calls may only be made with other Verizon Wireless Push to Talk Subscribers. Push to Talk is only available within the National Enhanced Services rate and coverage area. There may be a delay from when initiating a Push to Talk call. Push to Talk calls end after 20 seconds of inactivity. Unanswered 'barge' calls to available individuals incur charges even if the individual does not respond. All calls to groups are 'barge' calls. While on a Push to Talk call, or when updated presence information is being sent to the Equipment, voice calls received will go directly to voicemail. While on a voice call Push to Talk calls cannot be received; however, presence information will indicate that Subscriber is 'available'. Other Verizon Wireless Push to Talk Subscribers cannot be prevented from entering your MTN into their Push to Talk contact lists. MTNs cannot be blocked from Caller ID when making a Push to Talk call. Only one person can speak at a time during Push to Talk calls.

IN Calling: IN Calling minutes apply when making calls directly to or receiving calls directly from another Verizon Wireless Subscriber while in the America's Choice Home Rate and Coverage area. With Local Digital Choice Calling Plans IN calls must originate and terminate while both Verizon Wireless Subscribers are within the same local IN Calling area. Phone may not accurately display Caller ID and roaming indication. Not available with fixed wireless devices with usage substantially from a single cell site. IN Calling is not available to Subscribers whose current wireless exchanges restrict the delivery of Caller ID. IN Calling minutes will be applied before home airtime minutes.*

Night and Weekends: Applies to calls made in a calling plan's home airtime area only during the following hours: 9:01 pm Friday through 5:59am Monday and 9:01pm-5:59am Monday through Friday.

*NOTE: If both Night and Weekend and IN Calling minute allowances apply to a given call, the minutes will decrement from the IN Calling allowance before the Night and Weekend allowance. However, if either allowance is unlimited, that allowance will always apply first.

*TXT Messaging: TXT Messaging includes Short Message Service (SMS up to 160 characters) and Enhanced TXT Messaging (EMS up to 1120 characters) Enhanced TXT Messages sent to most SMS handsets will be delivered as multiple TXT messages of up to 160 characters each. Subscribers have the option to have text messages disabled entirely without affecting voicemail or other related services. TXT Messaging plans do not include Operator Assisted Messaging. Verizon Wireless is not responsible for information sent using TXT Messaging or Enhanced TXT Messaging. Verizon Wireless cannot guarantee that messages will be received and is not responsible for messages that are lost or misdirected. Messages not delivered after 5 days are automatically deleted. Airtime charges do not apply to the sending or receiving of text messages. When sending messages from a phone, the sender's telephone number will always be sent to the destination, even if Caller ID is used to block voice calls.

Customer's Cell Phone Number and Caller ID. Verizon Wireless will assign one Mobile Telephone Number ("MTN") to each Subscriber line. Other than as required to port a MTN, Customer does not have any property right in the MTN and Verizon Wireless may change, reassign, or eliminate an MTN upon reasonable notice to Customer under certain circumstances, including fraud prevention, area code changes and regulatory or statutory law enforcement requirements.

Roaming in CDMA countries outside of the US: Roaming in these territories will only be available in "CDMA" mode where service is available. An update to the Global Phone software is required to roam in S. Korea.

Roaming in GSM countries: Rates, terms and conditions apply only when roaming on participating GSM networks in published Global Phone countries. Service may be available in additional countries, but airtime rates, availability of calling features, and ability to receive

incoming calls (including return calls from emergency services personnel) may be restricted. See verizonwireless.com for Zone 1 and Zone 2 countries, coverage and airtime rates. Service in certain countries may be blocked without prior notice. Where text messaging is available, Customer will be charged $0.50 for each message sent and $0.05 for each message received. TXT messages cannot exceed 140 characters and may be sent only to MTNs of: (i) Verizon Wireless customers, and (ii) customers of foreign wireless carriers that participate in international text messaging. Check www.vtext.com for the most current list of participating foreign carriers. TXT messages cannot be sent to email addresses.
